

Who should you trust to protect your home, property and valuables? The answer:

3M

➤ 3M is the leading adhesive company in the world. Scotch™ Tape, Scotch™ Command, Scotch™ Brite, Scotchtint™ are world recognized: Customers are assured 100% Satisfaction.

➤ Value you rely on. Since 3M patented the first window film 36 plus years ago, we have maintained direct control of our Sun Control and Safety film businesses. This is unmatched in the film industry!

➤ 3M's core technology platforms uniquely qualify 3M as the clear choice!

Polyesters, Micro-replication, Abrasives, Coatings, Adhesives, Thin Film platforms. Millions use 3M's adhesives every day.

➤ 3M Core technologies are built -in to the world's finest laminates. 3M Scotchtint™ and 3M Scotchshield™.

➤ The ONLY provider of a film adhesive specifically developed for the stress and performance of Window films.

➤ Night Vision –Low interior reflection-maximum performance solar control films

➤ The unique 3M-patented abrasion resistant coating allows 3M films to be cleaned with any household glass cleaner without voiding or limiting the warranty. This is just another advantage of the 3M™ Brand films!

➤ 3M's micro-layering techniques provide the patented tear resistance, rip stop feature of 3M Ultra™ Scotchshield™ Safety and Security films and laminates. No other film can match the performance and tear resistance.

Value, quality and innovation
